

MKIV SD

MSX *SUPPRESSORS*
BY MAXIM DEFENSE

COLOR

CALIBER

This isn't just another suppressed Ruger® Mark IV™. We infuse our M-Kore Technology for the best shooting experience possible out of this effective platform. Taking inspiration from the venerable MP5SD, we add a diffuser and port the barrel to bleed gas into the diffuser. This slows down supersonic ammunition to subsonic speeds before leaving the barrel, making our MKIV-SD series some of the most versatile and quiet in its category.

FEATURES

- » M-Kore™ Technology
- » Simple 3-piece design
- » Integrated carbon cutters for easy tube cleaning
- » No detectable first-round pop
- » User serviceable
