

# PICATINNY RAIL SCW BRACE - WIDE

## COLORS

Black

Arid

**SCW SERIES**  
SHORT, COMPACT, WEAPON

Your rear-facing picatinny rail equipped pistol can have the toughness of Maxim Defense. It's available in normal and wide models for compatability with many popular pistols on the market.

Built with the same functionality and durability as our best-selling Gen-6 and Gen-7 braces for AR-15, your Picatinny Rail Mount stock finally has a brace option suited for real-world use. Solid attachment, quick deployment, and 5-positions of adjustment make this the perfect choice for your hard-use pistol.

## FEATURES

- » One-handed rapid deployment
- » Increases stability of PDW pistols
- » Easily installs on pistols with rear-facing picatinny rail mount
- » Optimized for wide body modern sporting firearms i.e. AK style pistols, the CZ Bren 2 pistols, the HK MP5, etc.
- » Vertically adjustable in order to get the exact location of the brace so that the rods do not interfere with the controls of your pistol
- » Knurled collapse button
- » Ambidextrous QD sling mount
- » Military grade materials
