

MS SERIES

MSX SUPPRESSORS
BY MAXIM DEFENSE

COLOR

CALIBER

MS:5.7

We've carried over M-Kore Technology to select small caliber suppressors that benefited most from it.

Serious 5.7x28mm shooters know that "5.7 rated" silencers are hardly effective, both at sound reduction and durability. So we built a dedicated silencer just for that caliber. The MS:5.7 and MS:5.7K excel at heavy duty useage and are at home on any 5.7x28mm firearm you own, even on full-auto.

FEATURES

- » M-Kore™ Technology
- » No barrel length restrictions
- » Integrated carbon cutters for easy tube cleaning
- » Left-hand threads from core to mount
- » No barrel length restrictions
- » User serviceable
- » Disassembles with common tools
