

MDX™

AEG AIRSOFT RIFLE

The **Maxim Defense MDX 510 AEG Airsoft Rifle** delivers a true-to-life training and recreational platform built to mirror the fit, finish, and ergonomics of the original MDX510. Manufactured by Vega Force Company as a 1:1 replica, this AEG blends premium CNC aluminum and steel construction with modern airsoft performance components for players and trainers who demand realism without compromise.

At the core is a proven VFC Avalon V2 gearbox, paired with a GATE Aster MOSFET for **precise tuning, programmable fire modes, and enhanced trigger response**. From adjustable muzzle velocity to high-torque motor performance, the MDX 510 AEG is designed to perform reliably in fast-paced skirmishes, structured training environments, and high-round-count use.

FEATURES

- » 1:1 licensed Maxim Defense MDX 510 replica by Vega Force Company
- » CNC-machined aluminum and steel construction
- » Hard anodized finish for durability and realism
- » Maxim Defense CCS stock accepts 11.1V LiPo stick battery (T-plug)
- » VFC Avalon V2 gearbox with reinforced internals
- » GATE V2 Aster MOSFET for advanced tuning and diagnostics
- » Quick-change spring system for muzzle velocity adjustment
- » Long-type neodymium high-torque VFC motor
- » Steel gears and bearings with match-grade cylinder
- » 14mm negative thread pitch
- » Compatible with most AR-style airsoft magazines

COLORS

MDX 510 AEG

PLATFORM	AEG (Automatic Electric Gun)	MAGAZINE	120rd VFC STANAG Midcap
CONSTRUCTION	CNC Aluminum & Steel	THREAD PITCH	14mm Negative
FINISH	Hard Anodized	MUZZLE VELOCITY	^400 FPS w/ .20g BBs
GEARBOX	VFC Avalon V2	RECOMMENDED BB WEIGHT	.28g and higher
MOSFET	GATE V2 Aster	RATE OF FIRE	22–24 BBs/sec (11.1V LiPo)
INNER BARREL	275mm	BATTERY	11.1V LiPo Stick (T-plug)
