

# MD:15 **NJ** COMPLIANT

For civilian shooters in New Jersey looking for a compliant AR-style other firearm without compromising performance, the **Maxim Defense NJ Compliant MD:15 Other Firearm** offers a premium solution. Built on the proven MD:15 platform and chambered in 5.56 NATO, this other firearm blends Maxim's high-performance engineering with the necessary modifications to meet New Jersey's compliance requirements.

It features a **12.3" barrel with a non-functional faux suppressor, a longer than 26" overall length, Maxim CCS pistol brace, vertical foregrip and a 10-round magazine configuration to remain within state legal limits.** The Hyperfire PDI drop-in trigger provides a crisp, responsive break, while the 8.5" M-Lok™ compatible handguard and MIL-SPEC lower receiver components give shooters superior control and modularity.

Weighing just 6.5 lbs and measuring 26.5" collapsed, the NJ Compliant MD:15 is compact, reliable, and purpose-built for serious civilian use. Whether you're upgrading your home defense setup or seeking a compliant range other firearm, **this system delivers durability, balance, and function—all in a package that stands up to scrutiny and exceeds expectations.**
